

A. Those who have a student status of residence expiring before May 2022.

### Application for Extension of Period of Stay

While applying for an extension of period of stay, a form for affiliated institution issued by AGU is required. However, please be aware that in cases where your performance in the institution where you have belonged to (Japanese language school, vocational school, etc.) before your entrance to AGU is poor, and/or your attendance rate is low, you may not be able to have your period of stay extended.

Application to the International Center – 3 months to 1 month before your visa expires

Application Period – 3 months before your visa expires
