

A GUIDE FOR INTERNATIONAL EXCHANGE STUDENTS

AGU

**AOYAMA GAKUIN UNIVERSITY
TOKYO | SAGAMIHARA
JAPAN**

“It’s tight-knit. I feel more like an AGU student than a student at my home university!” Ben R., US

“I thought I was only going to be studying. But when I got here I was able to make many friends and join a club and participate in many different events. My time here was far better than I expected because of the growth I can see in my character and open mind.”

Ryhamn F., US

1 YEAR AT AGU

AGU's year begins in April and ends in March. As an exchange student you have the choice of starting from the spring (April to August) or fall (September to March) semester. Field trips and cultural activities offer many opportunities to experience everything Japan has to offer as well as mingling with local and international students.

"What I Like most about Aoyama is its various opportunities to meet new people and take part of its culture events with international and Japanese students as well." Arina K., Germany

EVERYONE IS WELCOME. EVERYONE BELONGS.

Aoyama Gakuin University (AGU) offers you an amazing environment and numerous opportunities for you to grow. You will meet students from one of the leading private universities in Japan and international students from over 35 countries. All these experiences and interactions will give you the best chances to succeed and become an engaging global citizen.

ACADEMIC **MORE IN ENGLISH: 270+ CLASSES TAUGHT IN ENGLISH**

AGU's strength lies in its multidisciplinary education across humanities, social sciences and science. There are many undergraduate courses offered in English as well, from Japanese journalism to business management with little restrictions to choose.

"Teachers are from all over the world, so no two classes are the same."

Charlotte J., UK

"I like the fact that we are able to take classes with other Japanese students. It makes me feel welcomed at the university and between my peers." *Ryhamn F., US*

JAPANESE COURSES Japanese Language Classes for Exchange Students

AGU offers level-appropriate classes for exchange students who wish to learn Japanese. Using the placement test, students with a Japanese language proficiency above a certain level will be assigned to the most appropriate class from a number of levels, and receive credit. On the other hand, students who have not reached a certain level will not receive credit, but will be provided with classes taught in English by external instructors. In addition to Japanese language classes, there are several courses designed to help students develop a comprehensive understanding of Japan, including Japanese culture, politics, and history.

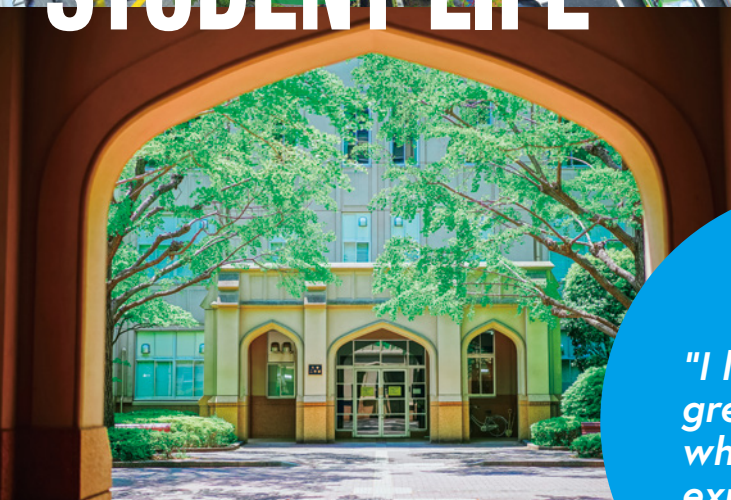

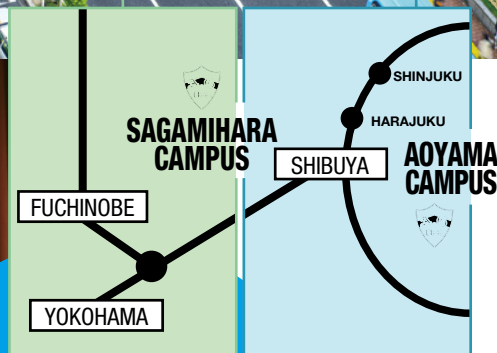

"If you are a high-level Japanese learner or even a beginner, there will be a class suited for you." *Charlotte J., UK*

"AGU is taking care of everyone. If I have questions or any trouble with organizational matters, the staff from IC and my tutor are kind and willing to help."

Arina K., Germany

STUDENT LIFE

IN THE HEART OF TOKYO!

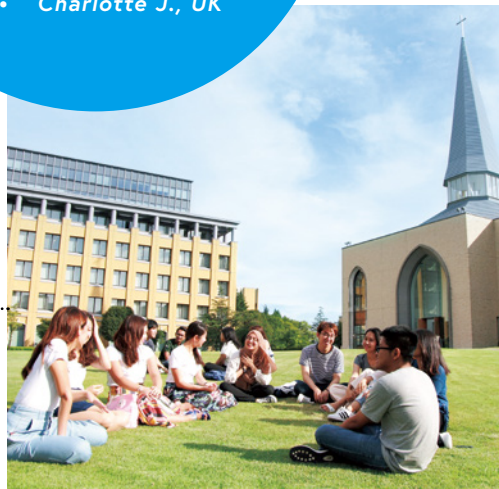

We're sure you'll love our location! With our Aoyama Campus located at one of the hubs of Tokyo in Shibuya, AGU offers the unique experience of the classical urban campus built in 19th century with quiet, green park-like space in the middle of a vibrant and cosmopolitan city of Tokyo. Just a few steps away, you can immerse yourself with internationally-renowned pop culture in Japan at Harajuku and Omotesando.

SOMETHING DIFFERENT...

Our SagamiHara Campus is located west of Tokyo. This suburban campus offers vast open spaces. Cutting edge research can be done with state of the art equipment. Our professionally sized fields here have helped produce some great professional players.

"I love the location, great for those who would like to experience city life."

Charlotte J., UK

STUDENT DORMITORIES

AGU has several affiliated student dormitories, and exchange students are given priority for admission. They are located approximately 30 minutes to one hour from the university.

GLOBAL LOUNGE

The Global Lounge is a space, open to all international students, to interact with AGU students. Here, you can discuss homework with friends from the same class, talk about club activities, teach each other about the culture and customs of your own country that are different from Japan's, or get excited talking about your favorite anime or manga...let's promote international exchange in a relaxed atmosphere!

CHAT ROOM

"I am rather shy with new people. Working at the Chat Room is a fun way for me to lose the nervousness." Arina K., Germany

"The most interesting part is to get rid of stereotypes and talk about the actual life of students." Isabella E., Germany

AGU's Chat Room is where you can meet people of all ages regardless of nationality and have an exchange in foreign languages. It's a fun and stress free place to talk and make friends and you can also improve your language skills. Becoming a "Chat-Leader" is a great on-campus job where you have the opportunity to help students improve their skills in your language too.
